2009 Conference Meetings

The 2009 FIM Conference Meetings were held from 19 to 22 February at the Crowne Plaza Hotel in Geneva. The Management Council met on Thursday 19th and Friday 20th as well as the afternoon of 22nd. The main topics discussed by the Management Council were the following:

- The working group of FIM Vice-President, Rob Rasor, continues its job on alternative energies in order to identify and promote the best opportunities for the FIM and its members.
- During the Conference Meetings the FIM organised an exhibition of electric motorbikes (Qantya and KTM) one of which was the new world premier SuperMoto prototype of the Swiss make Qantya.
- Mr Azhar Hussain, founder of TTXGP, presented his project for a "Carbon Zero" race. The FIM will support the first event organised by TTXGP on the Isle of Man on 12 June which is reserved for motorcycles with zero toxic emissions.
- Furthermore, following the first conclusions of the Steering Committee concerning sound level reduction, led by Mr Jean-Pierre Mougins, FIM Deputy President, the Management Council decided to apply from 2010 onwards, exclusively at Motocross World Championships, the new 2m Max method. The other decisions of the Steering Committee have not changed for the national Motocross events or for Enduro. This decision constitutes a first step that will enable the FIM to answer many expectations in lowering the sound level following the increasing difficulties encountered all over the world in organising events. The decision will also enable the manufacturers to prepare in the best way the production series that will be commercialised for the 2011 season.
- The FIM Environment Prize was presented by the FIM President, Vito Ippolito, to the Auto Moto Club of Serres, Greece, the organisers of the 6 Days Enduro in 2008.
- World Environment Day (official date 5 June) will be celebrated at all FIM events on 30 and 31 May with the exception of Trial which will be celebrated on 6 and 7 June in Motegi.
- The FIM Women's World Cup has received the approval of the Enduro Commission (CER). It will have to be ratified by the FIM General Assembly during the Biennial Session in October in order to be added to the 2010 calendar.

About FIM

FIM (WWW.FIM-LIVE.COM), the world governing body for motorcycle sport, is an independent association formed by 98 National Federations throughout the world. It is recognized as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 49 **FIM** World Championships its main events are MotoGP, Superbike, Endurance, Motocross, Supercross, Trial, Enduro and Speedway. **FIM** also deals with non-sporting matters such as leisure motorcycling, mobility, transport, road safety and public policy and the environment, **FIM** was the first International sporting Federation to enforce an Environmental Code in 1994.
