All riders, teams, officials and other parties participating in the FIM Motocross World Championships/Cup undertake, on behalf of themselves, their employees and agents, to observe all the provisions of the:

1. FIM Sporting Code
2. FIM Code of Ethics
3. FIM Motocross Regulations
4. FIM Motocross Technical Regulations
5. FIM Disciplinary and Arbitration Code
6. FIM Motocross Circuit Standards

of the current year, as supplemented and amended from time to time (hereinafter collectively referred to as the “FIM Regulations”).

The FIM Regulations may be translated into other languages, but in case of any dispute regarding interpretation the English text will prevail.

It is the responsibility of each rider and/or team to ensure that all persons involved with their entries observe the FIM Regulations at all times. The responsibility of the rider, or any other person having charge of an entered motorcycle at any time during an event is joint and severally with that of the team.

All persons concerned in any way with an entered motorcycle or present in any capacity whatsoever in the Paddock, Waiting Zone, Pit Lane or on the course, must carry an appropriate pass at all times during the event.

Actions judged by the officials responsible to be contrary to the FIM Regulations - or judged to be unsportsmanlike or against the best interests of the sport or the event in question - are subject to disciplinary actions as provided by the Arbitration and Disciplinary Code.
Any references to the male gender in this document are made solely for the purpose of simplicity, and refer also to the female gender except when the context requires otherwise.

1.4 FIM World Championships / Cup Criteria

1. The final FIM World Championship standings cannot be considered definitive until the time limits for protests and appeals have elapsed, all protests and appeals have been settled and a final decision has been taken by the competent bodies.

2. All FIM World Champions are obliged to attend the official FIM Prize-Giving Ceremony.

In addition to 1.4:

1.4.MXGP FIM MXGP/MX2 Motocross World Championships
1.4.WMX FIM Women’s Motocross World Championship

3. All organised events counting towards the corresponding FIM World Championship will be taken into consideration. However, the FIM Board of Directors or, if necessary, the FIM Executive Board is entitled, upon proposal from the FIM Motocross Commission and in exceptional circumstances, to make a decision deviating from this principle.

4. For the first event of the FIM World Championship: the provisional point standings will be identical to the overall point standings of the event in question.

5. As of the second event of the FIM World Championship, the riders will be ranked according to the total number of points they have scored.

6. In case of ties, the number of better placings will be taken into account.

7. The winner of the FIM World Championship is the rider who has obtained the most points from all the Races of the FIM World Championship, irrespective of the number of Races he has completed.

8. If a tie still exists, the points scored in the last Race of the FIM World Championship will determine the order of placing in the final standings. If necessary, the points scored in the last but one Race of the FIM World Championship will determine the order of placing in the final standings, and so on....

9. For the FIM Manufacturers’ World Championship, only the highest placed motorcycle of each Manufacturer will gain points, according to their position in each Race of the Championship.
10. In case of ties for the FIM Manufacturers’ World Championship, the same conditions as for the riders will apply to determine the winner of the Championship.

11. In the case where a rider participates on motorcycles from different Manufacturers, it is the make of the motorcycle with which he has obtained the most points that will appear next to his name in the final standings, without, however, modifying the calculation for the FIM Manufacturers’ World Championship.

1.4. JMX FIM Junior Motocross World Championships/Cup

3. The winner of the FIM World Championship/Cup is the rider who has obtained the most points from all the Races of the FIM World Championship/Cup, irrespective of the number of Races he has completed.

4. In case of ties, the points scored in the second race will determine the order of placing in the final standings.

5. For the FIM Manufacturers’ World Championship, only the highest placed motorcycle of each Manufacturer will gain points, according to their position in each Race of the Championship.

6. In case of ties for the FIM Manufacturers’ World Championship, the same conditions as for the riders will apply to determine the winner of the Championship.
1.5 Support Races

1. During an FIM Motocross World Championship/Cup event, support races may be permitted.

2. However, these support races, as well as any other activities such as the vehicular use of the circuit during the event, including demonstrations or exhibitions, must at all times receive prior authorisation from the FIM and the FIM Championship Promoter.

3. Authorisation from the FIM does not imply nor include any FIM involvement in and/or liability for these support races/activities which are not run under the aegis and the responsibility of the FIM.

4. Priority must at all times be given to the FIM Motocross World Championship/Cup programme.

5. If necessary, the Event Management can change the time schedule of these support races and/or other activities or cancel them.
2. ENTRIES, RIDERS AND TEAMS

2.1 Supplementary Regulations

1. The Supplementary Regulations (SR) must include all additional information and details relative to a particular meeting which are not stated in the FIM Codes, Appendices and Regulations.

2. The SR must in no case be in contradiction with the FIM Codes, Appendices and Regulations.

3. The SR must be drawn up in conformity with the standard model laid down by the CMS (See copy published in this booklet).

4. The SR must be published in the two official languages of the FIM and must be approved by the FMNR and the FIM.

6. The FIM, FMNR and the organiser must also publish these SR on their respective websites as soon as they have been approved.

18. Riders must always start the Free/Time Practices and Warm-Up from the pit lane. They will line up in the pit lane in staggered positions in two rows in order of their arrival in the pit lane. It is forbidden to pass ahead of the others. Riders leave the pit lane for their practice session/Warm-Up one at a time without overtaking another rider before arriving onto the track.
19. When the riders are on the course, consultation between them and team members is restricted to the pit lane. Riders who stop along the course to consult with others may hinder the progress of other riders, and such action will be considered as outside assistance.

20. They must re-enter the course, without gaining an advantage, at the closest point to where they left it.

25. Riders who have accidentally left the course and are off course accelerating in an unsafe manner or cutting part of the course may be determined to have gained an advantage without having gained a position.

26. It will be the duty of the Race Direction to make the determination as to whether a rider gained an advantage by accidentally leaving the course and re-entering.
2. ENTRIES, RIDERS AND TEAMS
   2.10 Rider Behaviour and Assistance

27. The penalty for gaining an advantage while off course during practices will be the loss of the fastest lap in the respective practice for the rider in question. Further penalties may be imposed.

28. The penalty for gaining an advantage while off course during races will be the loss of the number of positions gained plus one additional position in the final results of the respective race for the rider in question. If no positions were gained, the penalty will be the loss of one position.

The team member may give assistance to the rider to clean his face/eyes and change goggles/gloves. Any other assistance in this area is prohibited. Signalling from this area is not allowed and will be considered outside assistance for which the penalty will be disqualification from the respective practice, qualification or race.
34. Riders must always enter the pit lane by the pit lane entrance. When a rider “misses” the pit lane entrance, he must continue in the direction of the course for another lap. If necessary, further penalties may be imposed.

A rider who has been selected for sound control must immediately present his motorcycle to the technical stewards without returning to the pit lane/paddock, without receiving any technical assistance from his team and without any intervention from anyone on the motorcycle. Violators will be disqualified from the practice/race in question.

The rider in 21st position will be first reserve. For the remaining non-qualified riders in Group B, the Free Practice results will be considered as decisive:

14. If the “Last Chance” is cancelled for any reason, the results from the Time Practice of each Group will determine the starting order for the non-qualified riders for their respective World Championship/Cup Races. The procedure will be:

<table>

5.12.3 In all cases of more than 50 riders present

16. If the Time Practice and “Last Chance” are cancelled for any reason, times from the Free Practice session in each Group will determine the starting order for the respective World Championship/Cup races. In that case, the procedure will be the following:

<table>

10. In proven exceptional cases of force majeure where a team cannot participate in the Qualifying Races, it may be admitted by the Race Direction to participate in:

   a) The B-Final: provided that there is no C Final and that the maximum of 13 teams has not been reached;

   b) The C-Final: provided that the maximum of 13 teams has not been reached.

11. In all cases, the best two results of each team will be taken into account, irrespective of class.

12. In case of a tie, the best result of the third rider will be taken into account.

13. If a tie still exists, firstly, the best result of the MXGP, secondly the MX2 and thirdly the “Open” class will be taken into account.

14. If one Qualifying Race is cancelled for any reason, the results from the two other Qualifying Races will be counted to determine the team’s qualifying position. In case of a tie with another team, the best result of one of the two riders will be taken into account. If a tie still exists, firstly, the best result of the MXGP, secondly the MX2 and thirdly the “Open” class will be taken into account.

15. If two Qualifying Races are cancelled for any reason, the results from the one Qualifying Race that has been run will be used to determine the team’s qualifying position. This result will be counted together with the best lap time position of any of its two remaining riders in the Free Practice session. In case of a tie with another team, the best lap time position of each team’s remaining third rider in the Free Practice session will be taken into account. If a tie still exists, firstly, the best result of the MXGP, secondly the MX2 and thirdly the “Open” class will be taken into account.

16. If all Qualifying Races are cancelled for any reason, lap time positions from the three riders’ Free Practice sessions will be used to determine the team’s qualifying position, still according to the principle of the two best results.
17. If the B-Final is cancelled for any reason, the remaining non-qualified teams will be classified according to their result in Qualifying. The first non-qualified team will then be designated the 20th team to qualify for the FIM Motocross of Nations.

18. If the C-Final is cancelled for any reason, the remaining non-qualified teams will be classified according to their result in Qualifying. The first non-qualified team to reach the C Final will then be designated the 13th team to qualify for the B-Final.

19. If, for unforeseen reasons, no qualification results are obtained before the Warm-Up, then the latter may be treated as qualifying session. The Event Management and the Race Direction will decide upon any modifications to the time schedule and qualifying criteria.
