It is the responsibility of each rider to ensure that all persons involved with their entries always observe the FIM regulations. The responsibility of the rider, or any other person having charge of an entered motorcycle at any time during an event is joint and severally with that of the team. All persons concerned in any way with an entered motorcycle or present in any capacity whatsoever in the paddock, pit area or on the track, must carry an appropriate pass at all times during the event. Actions judged by the officials responsible to be contrary to the FIM regulations - or judged to be unsportsmanlike or against the best interests of the sport or the event in question - are subject to disciplinary actions as provided by the arbitration and disciplinary code.

1.3 National teams

National teams (e.g. Danish team, Australian team) are nominated exclusively by their respective FMN. The riders of a national team must be holders of a passport of the country, which they represent. **The FIM Jury may also check the national identity/age of each rider.**

1.4 Dates of the meetings

The SoN meetings can be held either during daylight or during the evening under floodlights.

The FIM SoN calendar will be established pursuant to art. 20.1.2 of the FIM sporting code. Once the allocated date for the meeting is known, no other Track Racing meeting(s) **or practice sessions of any kind** can be staged at the venue five days prior to that date and until two days after, **unless it's a FIM/DSE promoted event.**

To provide for postponements that may be necessary, for example because of weather conditions, the FMNR or the organiser must declare one re- staging date.

The re-staging date must always be the day after the original date of the meeting. This shall be notified in the supplementary regulations (SR's).

If **semi-final** 1 or 2 is postponed again and cannot be held on the re-staging date, the meeting classification shall be decided according to the **2022** ranking list (art. 8.1). Highest team ranking, placed 1st; Second highest team ranking, placed 2nd and so on.

If the meeting is interrupted after heat 14 and before heat 21 and cannot continue the same day the result at the conclusion of heat 14 will be deemed valid to determine the final results of the meeting.

If semi-final 1 or 2 is interrupted after heat 21 and cannot continue the same day, the result at the conclusion of heat 21 will be deemed valid to determine the final results of the meeting.

If the final is interrupted after heat 21 and cannot continue the same day, the result at the conclusion of heat 21 will be deemed valid to determine the final results of the meeting.

If the meeting is interrupted after the **grand** final qualifier heat and cannot continue the same day,

the result at the conclusion of heat 21 will be deemed valid to determine results of the meeting. The grand final qualifier heat will only be considered to determine 2nd and 3rd place in the final results of the meeting regardless of points scored in the 21 heats.

Only the race director can make alterations or changes to the starting time of the races. He will give the order that the **opening ceremony** of the riders **shall** enter the track.

8.3 2 minutes time allowance

Upon the order from the race director, the pits' gate shall be opened; the referee shall start the 2 minutes time allowance for that heat and the riders will have access to the track. **The FIM race director has the option to use a 1 minute time allowance for a restart after an unsatisfactory start.**

A mechanic control white line will be made across the width of the track (a maximum of 5 metres from pit gate in race direction). During the 2 or 1 minutes time allowance, the mechanics must only work on his rider's bike within the controlled area. Mechanics may only leave the controlled area to assist his rider in an emergency.

Riders must proceed as directly as possible in the race direction up to the starting tape and be ready to start within the 2 **or** 1 minutes time allowance.

In front of the starting tape, a countdown clock is placed on the infield indicating the remainder of the 2 **or** 1 minutes time allowance. If, in the opinion of the referee, any rider or riders are not ready to start when the 2 **or** 1 minutes time allowance has expired, they shall be disqualified from the heat. The disqualified rider or riders shall not be replaced.

Riders of the same team can change gate positions with their partner at any time but must be ready to start by the end of the 2 or 1 minute allowance.

8.4 Unsatisfactory start

Starts will be carried out in accordance with regulation 70.10.5.

Where, in the opinion of the referee, a start has been incorrect then he will immediately stop the race and order a restart.

The referee will give a warning to any rider deemed to have been the cause of or contributed to the unsatisfactory start. This will be communicated verbally by the race director before the race is restarted.

Note: A first starting offence involving a disqualification of a rider (i.e. touching the tapes) will also be deemed to be a warning as described above.

In circumstances where the referee is of the opinion that an offence has been committed but the offending rider has gained no advantage and is deemed not to have interfered with any other rider in the same heat, the referee may allow the heat to continue and issue the warning after the heat is completed. In these circumstances the offending rider must be informed before leaving the pits **for his next heat**.

Any starting offence committed after a warning has been given in the same meeting under this regulation will result in the disqualification of the rider from that race. This will be signified by the showing of his disqualification light by the referee. The **teams** reserve rider will not be permitted

to take the place of any rider disqualified for starting offences.

8.5 Timekeeping

Race times for each heat must be taken and announced at every SoN meeting.
