Note: "The World Anti-Doping Agency (WADA) considered that in the circumstances, maintaining the FIM World Championship in Togliatti (Russia) was not in contradiction with the CAS decision mainly based on the extreme circumstances of the case, in particular considering that the FIM Ice Speedway World Championship is due to start in less than two weeks and only a few weeks passed since the issuance of the CAS decision in the Arbitration WADA v. RUSADA. WADA's position expressed therein is without prejudice to WADA's position in respect to other FIM events scheduled to be held during the Two Years Period (i.e. 2021 and 2022) in Russia.

Among the measures taken by the FIM are, the removal of the Russian national flag from the visual elements (backdrops, race jackets, TV graphics). The Russian nationality of the riders will not be mentioned. The Russian national anthem shall not be played during these events.

About the FIM (www.fim-moto.com)

The FIM (Fédération Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 115 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 50 FIM World Championships the main events are MotoGP, Superbike, Endurance, Motocross, Supercross, Trial, Enduro, Cross-Country Rallies and Speedway. Furthermore, the FIM is also active and involved in the following areas: public affairs, road safety, touring and protection of the environment. The FIM was the first international sports federation to impose an Environmental Code in 1994.
